English

1. The best choice in English is available in the form of Lal Kitab translated by Goswami and Vashishta and published by Sagar Publications. It is mostly a translation of 1952 edition with some additions from 1939 edition. It is a well proofread and neatly printed.

2. Lal Kitab (The Exposition & Background) by Pt. Krishna Ashant. It is not the recommended book by experts. But as not many options are available, it is not a bad idea to take help of this book. Mr. Ashant has left out many important topics without which you will find yourself guessing. Also he has created few of his own hypotheses that may or may not be true.

Hindi

1. There are four Arun Samhitas available from Arun Publications, Chandigarh. It is not mentioned which Arun Samhita is translation of which edition of Lal Kitab. Details are as follows -

I. Arun Samhita (Lal Kitab) Jyotish, Translation of 1952 Edition

II. Arun Samhita (Lal Kitab) Hast Rekha Vigyan

III. Arun Samhita (Lal Kitab) Samudrik

IV. Arun Samhita (Lal Kitab) Chaturth Bhag. Translation of 1939 Edition

1952 edition of Arun Samhita Jyotish is more than sufficient to start with. 1952 edition is well translated but not that well proofread. But remember beggars are not choosers. It is direct translation (rather transliteration - only change of script) from Urdu, it is quite close to the original Urdu edition. For example here you can apply your own mind, if you have basic knowledge of Hindi. Quality of other Arun Samhitas is even worse but again you don't have many options other than to apply your own common sense.

2. As mention in English section, Hindi version of Lal Kitab (The Exposition & Background) is also available in market by the name of "Lal Kitab (Prishthaboomi aur Vyakhya). As options are available in Hindi.

Other than above two options, highly priced photocopies of Hindi translations are also being sold in market claiming the 'original translation' in Photostat format. Whatever
